Data Manual (Problem 7)

The data frame was created from a dataset found here:

<http://www.repole.com/sun4cast/stats/cfb20130907.xml>

The data set contains NCAA college football statistics from the 2013 football season, with the team names, scores, and records. It also contains simple descriptive statistics such as the passing yards, rushing yards, and turnover margin. It is ordered by the team name and date of completion.
